Damages

Biblins and Woodcraft Folk are not responsible for injuries to individuals or damage to their property whilst on site. Please take precautions to ensure that you and your equipment are safe and secure.

We are aware that accidents *do* happen and, inevitably, Biblins campsite fixtures, fittings and equipment will suffer unintentional damage at the hands of campers. All damages should be reported to the on-site warden, so that they may be rectified as soon as possible.

Whilst we will not normally charge for accidental damage, we reserve the right to levy a charge to any campers found responsible for damage, caused by misuse or deliberate intent.

Firewood

Groups are welcome to have open fires in the pits and stoves provided. Firewood is available from the Warden's cabin £10 per night /£40 for 4 to 7 nights.

Please do not forage for wood in the surrounding forest and DO NOT attempt to light any fires within the woods. The forest is a Site of Special Scientific Interest and needs to be protected.

There is a designated area within the woods, where fires and Bushcraft activities *may* be carried out – please enquire for further details.

Quiet times

Out of respect for other campers and for our neighbours on site, we require that all campers observe the quiet-time between 10pm and 7am. In addition, we do not permit amplified music at any time. The on-site warden will remind any campers who are being discourteous of this requirement.

Canoe launch

The Biblins canoe launch is available for use by prior arrangement. All campers using the canoe launch should be under the supervision of an Adult. If you need local recommendations for activity providers, please see the Biblins Web Site.

To help us maintain the track and launch point, we charge £2 per boat to use this facility. See the fees section, above, for more information on launch fees.

River Access

The **only** permissible access to the River Wye, from Biblins Campsite, is via the Canoe Launch facility. This is for access to the river in boats only and is NOT to be used for swimming. At all other locations the bank and shore of the River are in private ownership and access is **NOT** permitted.

These restrictions have been applied by the owners of the river-bed and banks and neither the Staff nor the Wardens at Biblins campsite have any authority to overrule them.

Climbing Crag

The climbing crag is not available during 2021.

Access to the site

The local road access to Biblins campsite is narrow and winding, so please drive with care. The local roads *are* suitable for minibuses, with frequent passing places. The final descent into Biblins is along a Forestry England maintenance road – please drive here with extreme caution, looking out for walkers, wildlife and forestry vehicles. Please close the two barrier gates behind you as you proceed.

The lower barrier will be locked between 10pm and 7.30am. There is to be no vehicular movement on site between these hours. If you arrive back at site outside of these hours

please be prepared to park in the lower car park and walk to your tent. The upper barrier is never locked, but must be closed after use.

Parking on site

Biblines encourages lift sharing to reduce traffic on site.

A parking charge of £2 per 24 hours will be levied for each vehicle for the duration of the stay.

Campers are encouraged to park alongside the campsite track, close to their pitch. For the safety of all campers, a 10MPH speed Limit applies whilst driving on site, or on the approach road. Please be vigilant for walkers and wildlife.

There is also an overflow car park at the entrance of the site, near the Bunkhouse and, at busy times, we may ask guests to use this instead of parking cars on site.

When a yellow weather warning is in place, for snow and ice, we ask that all vehicles are parked at the King Arthur's Cave car park, at the top of the access track, to prevent vehicles becoming stranded on site.

BBQs and cooking on site

Groups are welcome to BBQ on site and should take appropriate fire safety precautions. All BBQs should be raised off the ground. A number of bricks are available at the warden's cabin to support you to do this.

Fire pits may also be used for open fire cooking.

Smoking

SMOKING IS PROHIBITED on site. This includes all cigarettes, cigars, pipes and e-cigarettes.

A designated smoking area can be agreed with the on site warden.

Drugs, alcohol and intoxicating substances

Biblines Campsite has adopted and will adhere to the Woodcraft Folk's Drug and Alcohol Policy. For further details, please see:-

<http://woodcraft.org.uk/resources/drugs-alcohol-tobacco-and-intoxicating-substances-policy>

Members of the public *are* permitted to walk their dogs along the public footpath, through the centre of the site. All dogs are required to be kept on a lead and their owners are required to pick up after their dogs. Please report any irresponsible dog owners to the on-site warden.

Essential equipment

All campers should bring everything they need for an enjoyable stay.

Please be aware that there is very limited lighting on site, so a Torch is essential.
